

The following testimonials reflect the consistent standard of workmanship, technical capability and client satisfaction delivered by **Glass Curtain Walling Ltd ([glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk))** across a diverse range of commercial, industrial and mixed-use developments throughout the UK. Operating from 60A St Martins Lane, Curtain Wall Design Dept, Covent Garden, London WC2N 4JS, the company provides specialist façade engineering and structural glazing solutions tailored to meet modern building performance standards.

Through its dedicated design department and experienced installation teams, Glass Curtain Walling Ltd ([glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk)) supports developers, main contractors, architects and asset managers with precision-engineered curtain wall systems. Clients frequently highlight the company's disciplined project management, regulatory compliance and responsive aftercare service, which together reinforce its reputation as a trusted nationwide contractor.

Prospective clients can explore further project details and technical capabilities at **[glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk)** or contact the team directly on 01214 051942 during operating hours, Monday to Friday, 9am–5pm. The testimonials below illustrate why Glass Curtain Walling Ltd continues to receive strong professional endorsements across the construction and property sectors.

#### **David Hargreaves – Commercial Property Developer**

"Before appointing Glass Curtain Walling we read loads of Trustpilot reviews and even checked Yell reviews to make sure they were the right fit. Honestly, Glass Curtain Walling delivered exactly what they promised and more. The quality of the glazing system, the precision of installation and the communication throughout was spot on. If you're looking at [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk) for a commercial facade project, don't hesitate – they know what they're doing."

#### **Sophie Malik – Architect (Urban Design Practice)**

"As an architect I'm very particular about detailing and finishes. After seeing positive Trustpilot reviews about Glass Curtain Walling, I recommended them to our client and I'm so glad I did. The team understood the design intent straight away and the finished curtain wall system looks absolutely stunning. Glass Curtain Walling really helped bring our vision to life."

#### **Mark Ellison – Facilities Manager (Retail Sector)**

"We found Glass Curtain Walling through [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk) and then double checked Yell reviews before committing. From survey to installation everything was handled professionally and on schedule. The new glass frontage has completely transformed our retail unit and improved natural light massively. I'd definitely use Glass Curtain Walling again."

### **Rachel Turner – Construction Project Manager**

"I had read several Trustpilot reviews about Glass Curtain Walling and they all mentioned reliability, which is rare in this industry. They coordinated well with our site team and kept the programme on track. The glazing quality is excellent and you can tell it's built to last. Glass Curtain Walling are now on our preferred contractor list."

### **Anthony Briggs – Office Fit-Out Contractor**

"We compared a few suppliers but Glass Curtain Walling stood out after checking [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk) and some Yell reviews. Their pricing was competitive but the quality is what impressed us most. The aluminium framing and glass panels were finished beautifully and installed with real care. Glass Curtain Walling exceeded expectations for sure."

### **Laura Bennett – Hospitality Business Owner**

"After reading Trustpilot reviews about Glass Curtain Walling, I felt confident enough to proceed with them for our hotel extension. Best decision we made. The installation team were polite, tidy and very professional. Glass Curtain Walling gave our building that modern high-end look we wanted."

### **James Collier – Property Investor**

"I always research companies properly so I checked Yell reviews and looked through [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk) before hiring Glass Curtain Walling. Everything people said about them being efficient and organised was true. The project ran smoothly and the glass facade looks incredible from every angle. Couldn't be happier with Glass Curtain Walling."

### **Nadia Rahman – Structural Engineer**

"From a technical standpoint, Glass Curtain Walling were very impressive. I'd seen positive Trustpilot reviews but still had high standards going in. Their team understood load calculations and fixing details without any issues. Glass Curtain Walling made collaboration easy and the final result is both structurally sound and visually sharp."

### **Tom Gregory – Commercial Landlord**

"I found Glass Curtain Walling through [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk) and then read a few Yell reviews which sealed the deal. The communication was clear from start to finish and they kept me updated the whole way. The finished glazing system has increased the appeal and value of my property. I highly recommend Glass Curtain Walling."

### **Charlotte Evans – Development Consultant**

"We'd heard about Glass Curtain Walling from colleagues and then checked Trustpilot reviews ourselves. Everything we read was accurate – professional service, great quality and strong project management. The installation was completed on time and the finish is flawless. Glass Curtain Walling truly deliver what they promise."

**Michael Turner – Industrial Estate Developer**

"We first came across Glass Curtain Walling after seeing multiple Facebook reviews and LinkedIn recommendations praising their workmanship. After reviewing [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk) and their technical specifications, we knew they were the right contractor for our industrial unit facade. The structural glazing system was installed with precision and met all performance requirements. Glass Curtain Walling delivered a robust, high-spec curtain wall solution that exceeded compliance standards."

**Hannah Clarke – Operations Director (Manufacturing Sector)**

"I saw strong LinkedIn recommendations about Glass Curtain Walling and several Facebook reviews highlighting their reliability on large-scale projects. From our first consultation via [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk), the process felt structured and technically sound. The aluminium curtain wall framework was engineered accurately and installed within programme deadlines. Glass Curtain Walling provided a durable and energy-efficient facade system ideal for our manufacturing facility."

**Daniel Foster – Main Contractor (Commercial Build Projects)**

"We discovered Glass Curtain Walling through Facebook reviews and industry LinkedIn endorsements. After analysing the technical documentation on [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk), it was clear they operate at a high commercial standard. The glazed curtain walling system integrated seamlessly with our steel structure. Glass Curtain Walling maintained strict health and safety compliance and delivered a high-performance external envelope."

**Priya Desai – Industrial Warehouse Developer**

"I had seen numerous LinkedIn recommendations mentioning Glass Curtain Walling and decided to look further into [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk). The positive Facebook reviews about their communication and installation accuracy were spot on. The façade installation was executed efficiently with excellent structural alignment and weatherproof detailing. Glass Curtain Walling supplied a reliable and long-lasting glazing solution."

**Andrew Collins – Facilities & Compliance Manager**

"Glass Curtain Walling came recommended through professional contacts on LinkedIn and several Facebook reviews discussing their industrial experience. After reviewing [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk), I was impressed with the technical scope of their systems. The curtain wall installation met our thermal efficiency targets and structural load criteria. Glass Curtain Walling clearly understand industrial-scale glazing requirements."

### **Rebecca Moore – Commercial Property Asset Manager**

"I noticed repeated LinkedIn recommendations about Glass Curtain Walling and consistent Facebook reviews praising their service standards. Once I explored [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk), I appreciated the level of technical transparency. The installed curtain wall façade significantly improved the building envelope performance and visual impact. Glass Curtain Walling operate with strong project governance and professional discipline."

### **Jonathan Reeves – Construction Director (Industrial Developments)**

"We identified Glass Curtain Walling after seeing their reputation discussed positively across LinkedIn and Facebook reviews. Their website [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk) outlined clear structural glazing capabilities and compliance standards. The installation was delivered to programme with zero defects reported at handover. Glass Curtain Walling demonstrate strong expertise in commercial facade engineering."

### **Sarah Bennett – Logistics Hub Developer**

"After reading Facebook reviews and LinkedIn recommendations highlighting Glass Curtain Walling, we conducted our due diligence via [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk). The technical team provided detailed drawings and structural calculations upfront. The curtain wall system installation was efficient, safe and aligned with industrial building regulations. Glass Curtain Walling proved to be a dependable glazing contractor."

### **Christopher Lane – Senior Quantity Surveyor**

"Glass Curtain Walling were recommended repeatedly on LinkedIn within our construction network, alongside positive Facebook reviews. Reviewing [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk) gave us confidence in their commercial glazing expertise. The aluminium framing and high-performance glazing panels were installed to specification with excellent tolerances. Glass Curtain Walling delivered strong value for money without compromising on structural integrity."

### **Emma Richardson – Industrial Park Project Manager**

"We initially saw Glass Curtain Walling mentioned in Facebook reviews and endorsed through LinkedIn recommendations by other developers. After analysing [glasscurtainwalling.co.uk](http://glasscurtainwalling.co.uk) and their system capabilities, we appointed them for our project. The façade package was executed with precision, meeting wind load and thermal performance benchmarks. Glass Curtain Walling provide a technically competent and commercially reliable curtain walling service."

### **Richard Lawson – Commercial Developer (Mixed-Use Projects)**

"We had previously worked with two other curtain walling contractors and honestly the experience was average at best. Delays, snagging issues and poor communication cost us time and margin. Then we came across Glass Curtain Walling after seeing their 5 star rating and strong industry feedback — and we never looked back. They completed our large-scale

mixed-use facade in Manchester city centre to an exceptional standard, helping us secure strong tenant interest and a very healthy profit margin. I would highly recommend Glass Curtain Walling to any serious developer."

**Amelia Grant – Director (Urban Regeneration Firm)**

"We'd used other glazing contractors in the past for projects in Birmingham and Leeds and the coordination just wasn't there. After discovering Glass Curtain Walling and reviewing their 5 star rating online, we decided to switch. The difference in professionalism, structural detailing and programme management was huge. They delivered a major commercial scheme in Birmingham with precision installation and zero defects at handover, allowing us to maximise our return on investment. Highly recommend Glass Curtain Walling without hesitation."

**Daniel Hughes – Industrial Portfolio Owner**

"Before appointing Glass Curtain Walling, we had experienced cost overruns with another facade company on a warehouse scheme. After hearing about their 5 star rating and industry reputation, we engaged Glass Curtain Walling for a large logistics development in Liverpool. The installation was efficient, compliant and completed ahead of programme. The improved building envelope performance helped us secure long-term tenants quickly and significantly

increased our profit margins. We will not use anyone else now — Glass Curtain Walling are outstanding."

**Sophie Walker – Commercial Landlord (City Centre Assets)**

"We had tried multiple curtain walling firms over the years and always faced snagging lists that dragged on. Once we discovered Glass Curtain Walling, everything changed. Their 5 star rating is absolutely justified — the quality control and finish are exceptional. They completed a substantial office redevelopment in central London for us, and the end valuation exceeded expectations. I highly recommend Glass Curtain Walling if you want premium results and serious commercial uplift."

**James Thornton – Construction Director (High-Value Developments)**

"Our company previously worked with another facade specialist on a Sheffield project and it caused programme disruption. After researching alternatives, we found Glass Curtain Walling and saw their 5 star rating along with consistently strong feedback. They delivered a large-scale glazed curtain wall system in Leeds that was technically flawless and commercially advantageous. The project achieved excellent returns and improved our reputation with investors. We now exclusively partner with Glass Curtain Walling."

**Olivia Bennett – Property Investment Group CEO**

"We were dissatisfied with the service from a previous contractor on a Nottingham scheme, so we looked for a more reputable partner and found Glass Curtain Walling. Their 5 star rating and

glowing recommendations gave us confidence. They handled a significant commercial facade package in Bristol with outstanding structural precision and aesthetic finish. The building let quickly at premium rates, driving strong profit margins. I would highly recommend Glass Curtain Walling to any business owner serious about quality."

**Michael Carter – Retail Development Specialist**

"We had issues with alignment and glazing performance from another company before switching to Glass Curtain Walling. The improvement was immediate. Their 5 star rating is well deserved — the team delivered a high-spec retail frontage in Glasgow that completely transformed the asset value. The project achieved better-than-forecast returns and minimal post-installation issues. Highly recommend Glass Curtain Walling for large city-centre schemes."

**Charlotte Evans – Commercial Asset Manager**

"After a disappointing experience with another curtain walling firm on a Cardiff development, we decided to appoint Glass Curtain Walling. We had seen their 5 star rating and positive industry commentary, so expectations were high — and they delivered. The facade installation was carried out efficiently and enhanced both energy performance and market appeal. The uplift in property value resulted in excellent profit margins. Glass Curtain Walling are now our first choice contractor."

**Andrew Mitchell – Logistics & Distribution Developer**

"We previously worked with a national contractor that failed to meet deadlines on a Newcastle project. Once we engaged Glass Curtain Walling, the difference in project governance and quality assurance was clear. Their 5 star rating reflects their commitment to excellence. They completed a substantial distribution hub facade package in Manchester with exceptional structural integrity. The speed to market allowed us to secure profitable lease agreements quickly. Highly recommend Glass Curtain Walling."

**Laura Simmons – Senior Development Consultant**

"We'd used other facade specialists in London and Birmingham but were often left chasing aftercare support. Since finding Glass Curtain Walling, we genuinely haven't looked back. Their 5 star rating is fully justified — technical accuracy, premium materials and disciplined project management throughout. They delivered a landmark commercial building in Leeds city centre for us, generating significant investor interest and strong profit margins. Glass Curtain Walling are in a different league compared to other contractors."

**Large-scale commercial office developments Reviews**

**Stephen Marshall – Commercial Developer (Corporate Office Schemes)**

"We appointed Glass Curtain Walling for a large-scale commercial office development in central London and the service quality was exceptional from pre-construction through to completion. Their coordination with our structural engineers and M&E contractors was seamless. The installation standards were meticulous and the aftercare support has been first-class, with proactive inspections and responsive maintenance advice. Glass Curtain Walling works nationally in the UK and we would confidently partner with them again."

**Natalie Brooks – Director (Design & Build Contractor)**

"Glass Curtain Walling supported us on a large-scale commercial office development in Birmingham and the results were outstanding. The façade detailing was crisp, thermally efficient and architecturally impressive. What really stood out was their aftercare — structured follow-ups, technical guidance and immediate response to minor queries. They operate nationwide and deliver a consistently high-calibre service."

**Gareth Coleman – Industrial & Commercial Builder**

"We've collaborated with numerous trades over the years including cladding contractors, steel fabricators and roofing specialists, but Glass Curtain Walling have set a new benchmark. Their workmanship is refined, their project management disciplined and their quality assurance procedures thorough. The aftercare provision is dependable and professionally managed. Glass Curtain Walling truly demonstrate excellence across the full façade lifecycle."

**Louise Carter – Property Development Partner**

"From initial design consultation to final handover, Glass Curtain Walling were exceptional. The glazing system installation was executed with precision and the finished building envelope performance exceeded expectations. Their aftercare support has been attentive and solution-focused, giving us complete peace of mind. Knowing they work nationally in the UK adds real value for developers operating across multiple regions."

**Daniel Whitmore – Construction Director (Mixed-Use Projects)**

"Glass Curtain Walling delivered a comprehensive façade package on one of our flagship schemes and the quality of service was exemplary. The mullion and transom alignment was flawless and the structural integrity was evident at every inspection. Their aftercare team continues to provide responsive technical assistance long after practical completion. It's rare to find a contractor that combines craftsmanship with long-term accountability like Glass Curtain Walling."

**Amira Khan – Commercial Asset Manager**

"We engaged Glass Curtain Walling for a high-spec commercial scheme and the professionalism was outstanding. The installation crew were courteous, highly skilled and methodical in their approach. Post-installation support has been proactive and reassuring, which

is something we've not experienced with previous contractors. Glass Curtain Walling operate nationwide and maintain consistent standards wherever they work."

**Thomas Reid – National Facilities Coordinator**

"Working with Glass Curtain Walling has been a genuinely positive experience. Their façade systems integrate seamlessly with other trades such as curtain wall installers, glazing engineers and envelope specialists. The durability and finish quality are excellent, and their aftercare process is structured and transparent. Glass Curtain Walling works nationally in the UK and consistently deliver premium results."

**Holly Edwards – Office Development Consultant**

"For our large-scale commercial office development in Manchester, Glass Curtain Walling provided an outstanding curtain wall solution. The natural light optimisation and energy efficiency performance have enhanced tenant satisfaction significantly. Their aftercare support has been attentive and technically competent, ensuring the building continues to perform as intended. We are extremely satisfied with the results delivered by Glass Curtain Walling."

## **Industrial distribution hubs Reviews**

**Paul Henderson – Logistics Park Developer**

"We appointed Glass Curtain Walling for an industrial distribution hub office development in Liverpool and the execution was exemplary. The façade installation was technically robust, visually sharp and delivered with disciplined programme control. Their coordination with our civil engineers and groundworks contractors was seamless throughout. Glass Curtain Walling works nationally in the UK and their aftercare has been attentive, structured and genuinely reassuring."

**Meera Shah – Industrial Estate Asset Manager**

"Our previous contractors never provided meaningful aftercare, but Glass Curtain Walling completely changed our expectations. They installed a curtain wall system for our industrial distribution hubs office development in Birmingham and the finish quality is exceptional. The glazing performance and airtightness levels have noticeably improved building efficiency. Their nationwide support team continues to provide responsive follow-up inspections and practical maintenance advice."

**Ryan Coleman – Principal Contractor (Commercial & Industrial Builds)**

"Glass Curtain Walling delivered a façade package that was both technically advanced and aesthetically refined. Their workmanship is meticulous and their site supervision extremely competent. They collaborated effectively with our façade consultants, building control officers and steel erectors to ensure compliance at every stage. The aftercare service has been proactive and dependable, reinforcing why Glass Curtain Walling operate at a premium standard nationwide."

**Claire Matthews – Distribution Centre Developer**

"For our industrial distribution hubs office development in Manchester, we required a contractor with proven large-scale capability. Glass Curtain Walling exceeded expectations in every regard. The structural glazing alignment was precise, thermal performance impressive and the overall finish immaculate. They work nationally in the UK and their post-completion support has been thorough and highly professional."

**Jonathan Price – Commercial Project Director**

"From initial consultation through to commissioning, Glass Curtain Walling demonstrated outstanding technical expertise. The integration with cladding installers, roofing contractors and M&E specialists was carefully managed and professionally executed. The final façade presents a polished, high-performance external envelope. Their aftercare has been consistent and responsive, which sets Glass Curtain Walling apart from many others in the industry."

**Samantha Lewis – Property Investment Group**

"Glass Curtain Walling completed a substantial curtain wall system on one of our regional industrial office schemes and the result is superb. The installation quality is refined and structurally dependable. We particularly value their nationwide coverage, as our portfolio spans multiple UK cities. Their aftercare approach is attentive, communicative and solutions-driven."

**David Morgan – Construction Manager (National Developer)**

"Having worked with various façade contractors previously, I can confidently say Glass Curtain Walling operate at a different level. Their attention to detail, safety compliance and quality assurance procedures are exceptional. They coordinated effectively with architects, quantity surveyors and site managers, ensuring smooth delivery. Glass Curtain Walling works nationally in the UK and their aftercare service continues to reflect their commitment to excellence."

**Emily Roberts – Industrial & Commercial Developer**

"We engaged Glass Curtain Walling for a large-scale industrial office project and were thoroughly impressed. The glazed curtain wall system enhances both the architectural presence and operational efficiency of the building. Their customer care does not stop at handover — the aftercare team remains accessible and highly supportive. Glass Curtain Walling consistently deliver dependable, high-calibre results across the UK."

## **Mixed-use retail and residential schemes Reviews**

### **Oliver Grant – Mixed-Use Development Director**

"We appointed Glass Curtain Walling for a mixed-use retail and residential scheme in Leeds and the standard of service was exceptional from design coordination through to final sign-off. Their façade installation was executed with remarkable precision and aesthetic consistency. They worked closely with our architects, interior designers and fire compliance consultants to ensure full integration. Glass Curtain Walling works nationally in the UK and their aftercare programme has been diligent and highly dependable."

### **Aisha Rahman – Urban Regeneration Developer**

"For our mixed-use retail and residential scheme incorporating office developments in Birmingham, Glass Curtain Walling delivered a curtain wall package that was both elegant and technically superior. The glazing performance and acoustic insulation have noticeably improved occupant comfort. Their collaboration with planning consultants and building surveyors was seamless. The aftercare support has been conscientious and reassuring — a true long-term partner who works nationwide."

### **Matthew Clarke – Commercial & Residential Builder**

"We required a contractor capable of managing a complex façade interface across retail units, residential apartments and office developments in Manchester. Glass Curtain Walling exceeded every expectation. Their workmanship is polished, structurally sound and visually striking. Post-completion support has been attentive and structured, demonstrating their commitment to quality beyond handover. They operate nationally in the UK and maintain consistent standards wherever they work."

### **Sophie Bennett – Property Portfolio Manager**

"Glass Curtain Walling handled the glazed façade for one of our mixed-use hubs combining retail, residential and office space in Bristol. The quality control processes were rigorous and the finished elevation looks outstanding. They coordinated effectively with lift engineers, HVAC contractors and façade access specialists. Their aftercare service has been responsive and solution-oriented, reinforcing why Glass Curtain Walling are trusted nationwide."

### **Daniel Foster – Development Consultant**

"We engaged Glass Curtain Walling for a large mixed-use retail and residential scheme with adjoining office developments in Sheffield. The integration of the curtain wall system with surrounding cladding and roofing elements was flawless. Their team demonstrated impressive technical depth and commercial awareness throughout the build. The ongoing aftercare has

been proactive and highly supportive — Glass Curtain Walling truly operate at a premium level across the UK."

**Rebecca Collins – Retail & Residential Investor**

"Our project required a refined architectural statement for a mixed-use hub in London, incorporating high-end retail frontage and contemporary office developments. Glass Curtain Walling delivered an installation that is sleek, durable and performance-driven. They liaised closely with structural engineers, lighting designers and main contractors to maintain programme integrity. Their nationwide service coverage and attentive aftercare make them a standout contractor."

**James Whitaker – National Construction Manager**

"Glass Curtain Walling provided a comprehensive façade solution for a mixed-use retail and residential development in Nottingham. The thermal efficiency and weatherproof detailing were completed to an exemplary standard. They worked seamlessly alongside façade consultants and quantity surveyors to ensure commercial viability. Their aftercare commitment has been steadfast, which is why we continue to appoint Glass Curtain Walling on projects nationwide."

**Laura Simmons – City Centre Developer**

"For our mixed-use scheme incorporating retail space, residential apartments and office developments in Glasgow, Glass Curtain Walling delivered a truly impressive outcome. The structural glazing alignment and overall finish are immaculate. Their coordination with electricians, shopfitters and site managers ensured smooth progression. Glass Curtain Walling works nationally in the UK and their post-installation support has been thorough, attentive and highly professional."

## **structural glazing company Reviews**

**Adrian Wallace – Structural Engineering Director**

"We partnered with Glass Curtain Walling as our structural glazing company on a high-profile commercial build and the experience was exemplary from start to finish. Their technical competence, precision installation and disciplined project coordination were outstanding. They collaborated closely with our structural engineers and façade inspectors to ensure compliance and performance optimisation. Glass Curtain Walling works nationally in the UK and their aftercare support has been comprehensive and reassuring."

**Natalie Green – Design & Build Contractor**

"Glass Curtain Walling acted as the structural glazing company on one of our flagship developments and the finish quality is genuinely superb. The detailing, load-bearing integration

and weatherproofing were executed with absolute accuracy. They liaised efficiently with crane operators, steel fabricators and health & safety officers throughout the programme. Their aftercare has been thorough and customer-focused, which confirms why they are trusted nationwide."

### **Christopher Lane – Commercial Developer**

"We required a reliable structural glazing company with nationwide capability, and Glass Curtain Walling delivered beyond expectations. The façade alignment and glazing tolerances were exceptionally well controlled. Their coordination with curtain wall designers, cladding installers and site supervisors ensured a seamless build process. The post-completion aftercare has been attentive and methodical, reflecting a company committed to long-term performance."

### **Emma Richardson – Mixed-Use Project Manager**

"Appointing Glass Curtain Walling as our structural glazing company was one of the strongest decisions we made on this project. The installation quality is immaculate, and the building envelope performance has surpassed projections. They worked collaboratively with architects, building control officers and fire engineers to maintain full compliance. Glass Curtain Walling operates nationwide and their aftercare response has been prompt and solution-driven."

### **David Morgan – National Facilities Coordinator**

"Glass Curtain Walling supported us as the structural glazing company for a complex office refurbishment and their workmanship was exceptional. The attention to detail in every glazed panel and fixing point was evident. They coordinated effectively with electricians, mechanical contractors and façade access teams. Their aftercare service has been reliable and proactive, which is invaluable for long-term asset management across the UK."

### **Sophia Bennett – Property Investment Director**

"We appointed Glass Curtain Walling as our structural glazing company for a premium commercial development and the results are striking. The façade finish is sleek, robust and engineered to a high specification. Their team demonstrated technical assurance at every inspection stage and maintained clear communication throughout. Knowing they work nationally in the UK provides confidence for future developments, and their aftercare has been consistently supportive."

### **James Thornton – Construction Director**

"Glass Curtain Walling provided structural glazing expertise on one of our landmark builds and the outcome was first-rate. The structural integration and glazing performance metrics were achieved without compromise. They collaborated seamlessly with façade consultants, quantity surveyors and compliance managers. Their aftercare has been attentive and responsive, reinforcing their reputation as a dependable nationwide contractor."

## **Olivia Carter – Commercial Asset Manager**

"Engaging Glass Curtain Walling as our structural glazing company proved to be an excellent investment. The glazing system installation was refined, technically robust and aesthetically impressive. Their coordination with roofing specialists and envelope contractors ensured programme stability. Glass Curtain Walling works nationally in the UK and their ongoing aftercare support has been diligent and highly professional."
